Director Resignation

The Company advises that Mr Tom Pool has resigned as a Non-executive Director. Tom has been a Director since April 2011 during which time his involvement in the development of the recently demerged PhosEnergy Process has been invaluable.

Tom will remain a director of PhosEnergy Limited.

The Board takes this opportunity to thank Tom for his contribution to Uranium Equities over the last two years and to wish him well in future endeavours.

Yours faithfully,

Tony Kiernan
Chairman

About Uranium Equities

Uranium Equities Limited (UEQ) is a uranium explorer with exploration activities directed at high quality exploration assets in Australia's premier uranium districts.

UEQ's key asset, the Nabarlek Project, provides a rare near mine exploration opportunity surrounding the historical Nabarlek uranium deposit (previous production: 24 Mlb @ 1.84% U₃O₈). The deposit lies within an extensive uranium mineral system which extends over more than 50 square kilometres within the Mineral Lease and the surrounding tenements. The mineral system which contains widespread anomalous uranium geochemistry and ore grade mineralisation at several locations remains largely untested.

Our Strengths

- Nabarlek – rare near mine exploration portfolio
- Multiple near term growth opportunities
